Family Success Program

Sometimes we all need a little encouragement and support. The Family Success program at MLK Center focuses on education, employment, financial literacy, health & wellbeing, and building social capital for the entire family. When the family succeeds, our children succeed.

Any family at James Whitcomb Riley IPS School #43 is invited to meet with a Wellness Coach at MLK Center and set short term or long term goals for your family. What are your dreams? What are your aspirations for your family? We can achieve them together.

Call our front desk at 317-923-4581 to make an appointment.

What We Offer

- Financial Literacy and Credit Building
- Housing Referrals
- Employment and Workforce Development
- Health and Well-Being Services
